Real-time intelligence: Your Partner Command Center tracks lead velocity, prospect engagement depth, and acquisition pipeline status with precision telemetry.

INTELLIGENCE

Advanced prospect tracking with GDPR-compliant pseudonymization.

Your portal tracks which prospects have downloaded technical briefings from the **Deep Dive Vault** at digifolio.co.uk/deep-dive, providing precise insights into acquisition readiness.

All lead data is IP-hashed until acquisition handshake completion.

LEGAL FRAMEWORK

Partners operate as **independent contractors** under IR35 compliance.

All commissions undergo a mandatory 30-day clearance window before automated settlement via Paddle Payouts.

Digifolio Ltd functions exclusively as IP licensor. Partners maintain technical integrity with no spam, misleading advertising, or unauthorized redistribution.

JOIN THE NETWORK

Become a distribution node for the most advanced organizational architecture in the autonomous economy
